Mission Statement

The mission of the Sargent Area Chamber of Commerce is to promote and advance the interests of the Sargent area business communities. These goals will be accomplished by encouraging growth of existing businesses and industries, providing assistance to new firms or individuals seeking to locate in the Sargent area and advocating legislative and political actions beneficial to the business or general community. The Chamber will also support and encourage those cultural and civic activities that improve or expand the quality of life in the Sargent area.

Reasons to Join

- Exposure for your business.
- Involvement opportunities including various committees.
- Promotion of your business through the Membership Directory, Chamber Website and direct referrals.
- Networking with other members at Chamber functions.
- Participation in seminars/workshops.
- Opportunity to display your promotional materials in the Chamber's lobby area.
- Opportunity to participate in business related projects.
- Chamber members are **always** recommended **first** to the public.

Your membership helps make the Sargent area a better place to live, work and play. United in this common purpose we can achieve much more for our community and businesses.

SACOC Goals

- Create and promote groups to show community pride.

Other Sargent Information

The County Road / Private Road number is a system that allows 911 responders to locate your residence with more precision. For instance 1200 CR 206 (Creekside) is 1.200 miles from the intersection of CR 298 (Caney Drive). See the road cross reference index in this publication.

The Post Office prefers to deliver to the County Road / Private Road address. According to the United States Postal Service the preferred city for zip code 77414 is Bay City, TX. Zip code 77414 is assigned to home delivery while 77404 is assigned to Post Office boxes at the Sargent Post Office.

However, delivery services (UPS, FedEx) can find your residence easier in some cases if you give them the old lot number street name address for GPS (Global Positioning System). While GPS is good it is not perfect.

The most common places to find more copies of this publication are the food establishments listed under the Restaurant section. Please keep in mind this publication is a volunteer effort.
